

Flowerdale Access Information.

This document provides operational and safety information for the Flowerdale (Three Sisters) site, which is managed by the Skyhigh Paragliding Club and Melbourne hang Gliding Club on behalf of the VHPA. The use of the Flowerdale site is subject to an informal agreement with the landowners.

Continuation of this agreement will largely depend on how well we manage the site. Access to the site is controlled via a gate with an electronic lock.

General Conditions of Use:

Drive slowly to minimise dust and noise. 20km/h absolute maximum on the gravel road into the LZ and slower in the proximity of any houses or people engaged in other activities. If you can see dust in your rear-view mirror, you are going too fast.

Only 4WD vehicles with low range engaged can proceed beyond the rear gate that provides access to the track to launch. Vehicles without low range may not be used to access launch.

Do not fly at low altitude over horses regardless of whether they are supervised or not.

There must be at least two people from the flying community on the property for flight operation to occur. You cannot fly by yourself.

Leave all gates in the position you find them. If in doubt, close it.

No Smoking or Vaping anywhere on the property.

Please take all rubbish including rubbish left by others when leaving the property.

Dogs are not allowed on the property.

Access:

Flowerdale (Three Sisters) is accessible through a locked gate.

There are two methods for unlocking the gate.

The first is through a keypad located on the left hand gate post behind the top post.

The code is **4374#**

The gate will close after 20 seconds.

The second method is via your mobile device. Please contact either Skyhigh Paragliding Club or Melbourne Hang Gliding Club. You'll need to be a member of either club to access this facility.

The site is a closed site at the request of the landowners. Visitors are always welcome but you must be accompanied by a member of Skyhigh PG or Melbourne HG.

Please ensure that you read the site guide before accessing the site.
